Notification of Dr Horst J. Kayser's share purchase and share allocation

Luxembourg – July 16, 2012 – 3W Power SA today and on Friday issued notifications to the Luxembourg regulator (CSSF) and the German regulator (BaFin), to inform them that Dr Horst J. Kayser, executive director and CEO of 3W Power SA and AEG Power Solutions, purchased a total of 121,500 shares of 3W Power SA, of which 51,500 shares were traded at an average price of 1.64 EUR on 5 July 2012 and 70,000 shares were traded at a price of 1.86 EUR on 9 July 2012.

On 5 July 2012, 3W Power SA furthermore issued a regulatory notification to CSSF and BaFin of the grant by the Company of 30,000 of its shares to Dr Horst J. Kayser, pursuant to Dr Kayser's employment agreement with the Company. The shares were transferred from the treasury shares held by the Company and no new shares were issued.

End of the announcement

About 3W Power/AEG Power Solutions:

3W Power S.A. (WKN A0Q5SX / ISIN GG00B39QCR01), based in Luxembourg, is the holding company of AEG Power Solutions Group. The Group is headquartered in Zwanenburg in the Netherlands. The shares of 3W Power are admitted to trading on Frankfurt Stock Exchange (ticker symbol: 3W9) and the warrants are traded on NYSE Euronext, Amsterdam (ticker symbol: 3WPW).

AEG Power Solutions (AEG PS) Group is a global provider of power electronics systems and solutions for all industrial power requirements offering one of the most comprehensive product and service portfolios in the area of power conversion and power control. Two complementary operating business segments, Renewable Energy Solutions (RES) and Energy Efficiency Solutions (EES) serve customers worldwide. The RES product and service portfolio consists of systems and solutions for solar power plants, such as solar inverters, monitoring and control systems as well as power controllers for a wide range of industrial applications such as polysilicon, energy storage, sapphire, and glass. The EES product and service portfolio includes high-performance uninterruptible power supplies (UPSs), industrial chargers, DC systems and converters.

Thanks to its distinctive expertise, bridging both AC and DC power technologies and spanning the worlds of both conventional and renewable energy, the company creates innovative solutions for smart grids. AEG PS' global footprint includes 17 subsidiaries and competence centers around the world with 1,700 employees.
