AEG POWER SOLUTIONS CHOSEN BY MAIRE TECNIMONT GROUP FOR UPS AT TOTAL OILFIELD

Technical expertise on the solution made the difference

Tecnimont S.p.A., main subsidiary of Maire Tecnimont Group, industrial leader in the hydrocarbon industry, has chosen AEG Power Solutions (AEG PS) to provide 25 UPS systems for the Tempa Rossa (www.it.total.com) onshore oilfield in Italy, consisting of 4 DC UPS systems, 15 AC UPS systems and 6 combined AC and DC combined systems.

Tecnimont selected a combination of AEG PS Protect 8 UPS, its Protect 8 inverter and the Protect RCS rectifier.

AEG PS battery expertise made a major difference allowing the final customer to save money on batteries costs and maintenance. Among reasons of the choice were technical excellence and experience as well as the best product range.
